www.psikoterapi.com

Founded in 2005, Psychotherapy Institute aims to adopt eligible psychotherapy techniques and approaches that suits the cultural, traditional and territorial structure of our domain; to determine reliability and validity of the usage of psychotherapy practices throughout the world; to advocate for the establishment of the legal infrastructure of psychotherapy practices, and to execute a networking system; and to support the development of the knowledge and experience of the mental health professionals.

The Psychotherapy Institute offers well-structured trainings on Integrative Psychotherapy, Hypnosis, and Catatimy, and the Masterson's Approach trainings in collaboration with the International Masterson Institute. In cooperation with universities and NGOs in Turkey, the Psychotherapy Institute has undersigned annual psychotherapy conferences and workshops to promote accumulation of knowledge and exchange of opinions among the mental health professionals in Turkey. The Psychotherapy Institute currently has approximately 300 members and holds a unique position in its area in Turkey. In addition to regular training programs, the Psychotherapy Institute organizes seminars and workshops every year to accommodate distinguished figures of the international psychotherapy community to promote the development of psychotherapy theory and practice in Turkey. We would be honored to welcome all mental health professionals to participate in our seminars and workshops:
